A tour to Materuni Village and Waterfalls is a great way to learn and engulf deep in Chaga tribesmen lifestyle. The walk to Materuni Waterfall offers a glimpse into the nature of Tanzania allowing you either to prepare your body for the forthcoming climb to Kilimanjaro or relaxing after a long Safari.

The Materuni Waterfall tour starts with a walk through the area adjacent to the waterfall, rich in beautiful natural scenery of Tanzania. It is an opportunity to see how local fruit like avocados, mangos, lemons, and bananas grow, as well as learn some of the local history, traditions, village economy, agricultural and cultural life. When you get to the waterfall, you can refresh yourself in the natural pool, clear ice water from the glaciers of Mount Kilimanjaro. Pack your swimming suits.

The tour will continue with a visit to the local village lying in the coffee plantations. The villagers will demonstrate the process of coffee farming and guide you through the preparation of coffee from a bean to a cup. Sing and dance along with the local people as they are grinding, roasting and boiling the beans. You can experience their local dishes after the tour.
